Summary

A result oriented **data science / full stack / android developer** with **3 + 2 years** computer science degree and almost **1 year** of experience in the industry. Specializing in designing custom software solutions and driving new feature development. Adept at defining user requirements and driving scalability for customers.

Experience

Analyticsradar

- **Backend Engineering Intern**
Internship Jan 2021 - Jun 2021
New Delhi, Delhi, India
Django Python MySql OpenCV

Capitava

- **Data Anaylist**
Full Time Jul 2020 - Nov 2020
New Delhi, Delhi, India
OpenCV Tensorflow Pillow Python

Projects

- **My Portfolio**
Github: github.com/codebulletin/myresume
Web Development HTML SCSS JavaScript Webpack
- **Neural Network Library**
Github: github.com/CodeBulletin/ML_Library
Neural Networks Numpy Python Machine Learning
- **Multi Neighbourhood CA**
Github: github.com/CodeBulletin/Multi-Neighbourhood-CA
Microbiological Simulation C++ SFML GLSL

Skills

- **Programming Languages:** C++, Python, Javascript, Java, C#, Rust, PHP, Bash Script, Dart, C, R
- **Frameworks:** React, Node, Express, Tensorflow, React-native, Flutter, SFML, Tailwind, Bootstrap, NEXT.js
- **Database/CICD/Cloud:** MySQL, MongoDB, SQLite, Redis, Jenkins, Docker, Kubernetes, AWS, Azure, Firebase, Heroku
- **Tools:** Visual Studio, PyCharm, IntelliJ, VS Code, GIT, Figma, Photoshop

Education

- **Masters of Computer Application**
GGSIU (Indraprastha University)
Bharti Vidhyapeeth
Delhi, Sept 2022 - June 2024
- **B.Sc. Computer Science**
Delhi University
Deshbandhu College
Delhi, Jul 2019 - June 2022
Marks: 9.03 CGPA

Achievements

- 2nd Rank in OutCode Competiton
- 100+ Leetcode questions solved
- 65+ Respositories in Github
- NIMCET AIR 1440 2022 for masters
- Rank 1 in 4th semeseter in bachelors
- 40+ Anime watched

Hobbies

- Programming
- Playing Video Games
- Watching Anime
- Playing Chess
